Members of the Public

MEETING CONVENED: 10:00 A.M.

The meeting was called to order by Judge Melinda Brown at 10:00 a.m. Present were Judge Melinda Brown, Vice Mayor Robert McKinzie and Supervisor of Elections Joe Scott.

Pledge of Allegiance

Kevron Aird addressed the Canvassing Board members. He explained that before commencing the Logic and Accuracy Testing of the equipment, zero tapes and reports will be presented to the Canvassing Board members to confirm that the machines reflect zero. The zero tapes and reports will look different because we will be testing new machines. The following equipment will be tested today.

- 52 DS300 tabulators (Election Day machines)
- 12 DS950 high-speed scanners
- 2 ExpressVote ADA voting units
- 16 Fujitsu scanners

Zero tapes and reports reviewed by the Canvassing Board will be placed for public inspection.

Motion that all the machines are zeroed out and ready to move forward was granted by the Canvassing Board members.

Judge Brown and Vice Mayor McKinzie authorized the commencement of canvassing and public inspection on or after October 1, 2026, including the processing, opening, tabulation, and duplication of Vote-by-Mail ballots, pursuant to F.S. 101.68 and 102.141 (subject to the completion of the L&A Test). They also approved the designated alternates for the Supervisor of Elections to be present for ballot processing, opening tabulation and duplication in the event of the Supervisor of Elections' temporary absence. The following are the names of the staff members that will serve as alternates for the Supervisor of Elections.

- Chief Deputy Mary Hall
- Latrice Lamar
- Charlotte Shipman-Smith
- Martine Galliard
- Lillie Yon
- Roosevelt Watts

The Canvassing Board members approved the proposed Guideline and Procedures for Observers and Meetings as posted on the Broward County Supervisor of Elections website.

Judge Brown+ announced that the forum is open to public questions.

Victoria Olson from the League of Women Voters - what happened to the old equipment? The old equipment was securely scrubbed of all data before being returned to the vendor for credit. Some of the equipment is currently being used by the Miami-Dade County Supervisor of Elections Office.

Lisa Rasa from the Republican Party asked about the difference between a protected vote and a public vote on the equipment report. It was explained that one counts the number of ballots, while the other counts the number of ballot pages.

Herman Schnell then told for clarification that the machines being tested had a zero-vote count. Counsel Devona Reynolds Perez explained that this was the first time the new machines were tested publicly. Previous testing had been conducted on the machines as permitted by law; however, this was the first time the new equipment was tested in public.

A motion to recess for 10 minutes was made and approved by the Canvassing Board members.

Back in session. The results from the tabulating equipment were presented to the Canvassing Board for review and comparison against the predetermined script. The new equipment labels the results as "Unofficial Summary Results" instead of "EL45A."

Herman Schnell asked the Canvassing Board members how each race was verified. Supervisor Joe Scott explained the steps taken by the Canvassing Board members to ensure that all results were verified using the predetermined script.

The Canvassing Board completed its review of the equipment test results and confirmed that everything was correct. The summary sheet was signed by the Canvassing Board members. The Clear Ballot summary sheet remained pending review.

A motion to recess for 30 minutes was made and approved by the Canvassing Board members.

Back in session. An additional 10-minute recess was requested and approved.

Back in session. The Clear Ballot Systems Summary Report was provided to the Canvassing Board members for review. The Canvassing Board members confirmed that everything was correct and proceeded to sign the report.

The Canvassing Board approved SOE staff members proceeding with zeroing out all tabulation equipment.

Zero tapes and reports were provided to the Canvassing Board members to confirm that all machines had been zeroed out. The Canvassing Board members reviewed and signed the zero reports.

A motion to confirm that all machines had been zeroed out and to proceed with sealing the equipment and all tabulation materials was made and approved by the Canvassing Board.

The Canvassing Board members designated Supervisor Joe Scott as the Canvassing Board member to witness the sealing and resetting of the equipment.

NEXT MEETING DATE

The next Canvassing Board meeting will be held on Wednesday, October 14th at 3:00 p.m.

RECESS

There being no further business to come before the Board, Supervisor Joe Scott recessed the Canvassing Board meeting at 12:04 p.m.
