Broward Supervisor of Elections Joe Scott Statement on Morning Voting Delays and Polling Place Changes

Broward County, FL- When polls opened at 7 a.m., a technical issue caused delays for some early morning voters. Our team identified and resolved the issue within 20 minutes of polls opening, and voting is now proceeding normally. The issue did not affect any votes cast.

I sincerely apologize to everyone who came to vote first thing this morning and had to wait. I know some of you had to leave before you could cast your ballot. If you left this morning without voting, please come back to your assigned polling place today. Polls close at 7 p.m. If you're in line by 7 p.m., you'll be able to vote.

The issue involved a feature that allows poll workers to electronically confirm the correct ballot for each voter. Because of recent redistricting, we implemented this feature as an additional safeguard to help ensure that voters receive the correct ballot. We used the same feature successfully during the primary election in August without any problems.

Our poll workers are also fully equipped and trained to manually verify that voters receive the correct ballots. Voters can be confident that procedures are in place to ensure they receive the correct ballot.

I also want to share two important polling place changes for voters:
Precinct T018: Because of flooding, your polling place has moved from Paradise Village Clubhouse to Tree Tops Park, 3900 Southwest 100th Avenue, Davie, Florida 33328. If you normally vote at Paradise Village Clubhouse, please go to Tree Tops Park to vote today.

Precinct E010: The polling place originally located at Mullins Park–Sartory Senior Center, 10150 NW 29th Street, Coral Springs, Florida 33065, has been relocated to Mullins Hall, 10170 NW 29th Street, Coral Springs, Florida 33065. If you are assigned to Precinct E010, please go to Mullins Hall to vote today.
